

JOHNSON A. SIZIBA

FULL STACK DEVELOPER

PROFILE INFO

Skilled software developer with experience in creating user-friendly digital products. Led the development for a mobile banking and internet banking applications used by one of Zimbabwe's largest banks. Seeking a challenging and rewarding opportunity to contribute to the success of a dynamic team.

WORK EXPERIENCE

Systems Developer/Analyst
Jemina Capital

Sept 2021 - Present

As Head of IT and Systems Development, I developed digital products that streamlined internal processes, expanded the client base, conducted market analysis, and produced insightful reports for stock traders.

Digital Products Developer
AFC Commercial Bank

June - Sept 2022

As a key member of the Digital Transformations department, I improved customer engagement and designed and developed digital products, including the AFC Mobile Banking app.

E-Channels Developer (Internship)
AFC Commercial Bank

Jan - Dec - 2021

As an AFC Bank systems development intern, I maintained internal systems, contributed to internet banking development, and provided customer support.

MY SKILLS & EXPERTISE

- Proficient in PHP, Java, Python, C#, Typescript, and JavaScript
- Skilled in Laravel, Flutter, Vue, Angular, ASP.NET Core and Java SpringBoot
- Familiar with microservices architecture and system design
- Proficient in frontend development, API development, and data analysis with Python
- Extensive experience in the financial sector, including knowledge of investments and the stock market
- Experienced in a bank, providing support and developing digital products
